RECYCLED ART I

Humans make, use, and throw out a lot
of stuff. All that stuff has to end up
somewhere, and that somewhere is
getting crowded. A lot of the crowding
is caused by stuff that doesn't actually
need to be there, stuff that could be
used somewhere else.

RECYCLED ART II – THE CORK PROJECT

New materials and methods that
enable a healthier approach to
the cycle outlined above are
being invented all the time - but
are often unpopular and
complicated to implement. We'll
need to find a way to turn our
rash into treasure - recycled art is
one option.
