

Open Studio on 08SEP13

My studio in Stadecken-Elsheim, Germany, has been open to the public on 08SEP13 for the first time. It has been great to have so many people visiting – even dear friends from the US! I am very happy about the interest in my artwork and the positive feedback. Ottmar Weber is the winner of the coupon, he has been present at the lottery drawing and the coupon could be handed over to Ottmar directly.

The **MOD&ULAR** system invites to experiment and enables direct influence on theme, color and format composition. It has been tested with enthusiasm.

Due to the increased demand I decided to open my studio from time to time on a regular basis. These additional dates have been scheduled for 2013:

Friday, 01NOV13 & 15.11.13 @ 7pm-9pm
Saturday, 07NOV13 & 14.12.13 @ 3pm-5pm

Studio: Stadecken-Elsheim, Anna Seghers Str. 12, Germany

MOD&ULAR

MOD & ULAR is a responsive, customizable and user friendly system, which lets the user create different combinations. Designed to harmonize with the specific place in which it is to be placed you can mix, match and reconfigure MOD&ULAR as you like – this system grows and changes with your needs. [...] [read more](#)

X-STRENGTH

The single steps of creating the large size painting „X-Strength“ has been published in my blog on weekly basis and the finished work of art has been presented in my studio on 08SEP13. A postcard including the single steps of creation is now available. [read more](#)

MARLER KUNSTSTERN

The „Marler Kunststern 2013“ one of the largest art exhibitions in the Ruhrgebiet area is scheduled for 09NOV13 – 30NOV13. I will contribute with my „mushroom series“. Further details on the „Marler Kunststern“ => [read more](#)

„...beyond the clay“

We started a series of fine art exhibitions „after hours“ in the Opel Design Gallery with „...beyond the clay“. The next show is scheduled for spring 2014 – „think small!“. [read more](#)
